1 of 1 review helpful If you are a Clarkson fan By A Luptak Parts of this book are dated as it is a collection of articles from the mid 80 s and 90 s so some of the references require having Google handy If you are a fan of Mr Clarkson you will appreciate this book If you are not don t buy it Lots of his trademark style abounds in these passages which will offend many people However if you can look past his self Jeremy Clarkson gets under the bonnet in Clarkson on Cars a collection of his motoring journalism Jeremy Clarkson has been driving cars writing about them and occasionally voicing his opinions on the BBC s Top Gear for 20 years No one in the business is taller In this collection of classic Clarkson stretching back to the mid 1980s he s pulled together the car columns and stories with which he made his name As coal mines closed and house prices explod About the Author Jeremy Clarkson is the presenter of Top Gear He writes for Top Gear Magazine The Sun and The Sunday Times
