2 of 2 review helpful Hiaasen has his finger on the pulse of Florida By Lyric Having lived in Florida and mercifully escaped the craziness I can attest to the truth that CH brings to these articles that he wrote for the Miami Herald It's great to have them gathered in a book to enjoy and also to be mindboggled at the kind of ridiculous idiotic stuff that goes on in every nook and cranny of Florida When he talks about NEW YORK TIMES BESTSELLERIf you think the wildest wackiest stories that Carl Hiaasen can tell have all made it into his hilarious bestselling novels think again Dance of the Reptiles collects the best of Hiaasen's Miami Herald columns which lay bare the stories large and small that demonstrate anew that truth is far stranger than fiction Hiaasen offers his commentary — indignat disbelieving From Booklist This is the third collection of Hiaasen's op ed pieces from the Miami Herald following Kick Ass 2002 Known primarily for his mystery novels Hiaasen also produces a weekly newspaper column
