4 of 4 review helpful Excellent tongue in cheek twist on archeology By Burrito This is a story about a man who discovers the United States years after it disappeared mysteriously into the mists of time As this scientist and his crew

uncover many ancient artifacts they do their best to piece together how various items were used in this ancient culture Their conviction that the motel they've discovered is an It is the year 4022 all of the ancient country of Usa has been buried under many feet of detritus from a catastrophe that occurred back in 1985 Imagine then the excitement that Howard Carson an amateur archeologist at best experienced when in crossing the perimeter of an abandoned excavation site he felt the ground give way beneath him and found himself at the bottom of a shaft which judging from the DO NOT DISTURB sign hanging from an archaic doorknob was David Macaulay is a superb craftsman and an imaginative writer and illustrator His new book is a marvel of imagination and a comfortable satire He projects a time when our civilization will have been buried As always with Mr Macaulay
