0 of 0 review helpful I so enjoy reading any all of Dave Barry's books. By bonny french I so enjoy reading any all of Dave Barry's books. It started twelve years ago I was temporarily living with my sister and her family as I was going through a long period of chemo I was unable to find pleasure in reading or tv. One day I noticed Mr. Barry's book on a shelf in the den I read the book as I was able and it lifted me out of it. THE NEW YORK TIMES BESTSELLER YOU CAN'T MAKE THIS STUFF UP! Dave Barry wouldn't lie and here are the real life laugh out loud stories from across America to prove it. A U.S. Supreme Court justice shares his remedy for preventing gas I had not realized that this was a matter of concern in the highest levels of government. A newspaper headline in Ohio announces the combustibility of strawberry Pop Tarts. A story that can really help you gain a better understanding. The title as Dave Barry admits is not entirely accurate. To be sure this collection of articles does contain what the Pulitzer Prize winning author calls an unusually high for me level of factual content. But there is also an abundance of goofy rep.
