5 of 5 review helpful Amazing read for the newbie teacher By Amanda J Lacey I picked this up for my kindle after seeing it advertised on Instagram and burned through it in a matter of hours As someone who just finished her first year of teaching it was refreshing and strangely therapeutic to read about the trials and tribulations of newbies and veterans alike I couldn t recommend this more highly and I have no doubt I Teacher Misery perfectly encapsulates the comical misery that has become the teaching profession Morris rsquo strange funny and sometimes unbelievable teaching experiences are told through a collection of short stories essays and artifacts including real emails from parents students and administrators From the parents who blame their son rsquo s act of arson on the teacher for causing him low self esteem to the student who offers to teach the teacher how to sell Wow Get ready to learn more than Urban Dictionary could ever possibly teach you The chapter on Furries is one of the most original and hilarious things I ve ever read I dare you not to laugh out loud nbsp Robin O Bryant New York Times best
