**By Don DeLillo : Cosmopolis: A Novel** new york city not too distant future eric packer a 28 year old finance golden boy dreaming of living in a civilization ahead of this one watches a dark shadow quot;cosmopolisquot; is a flawlessly

directed film about enigmatic people who speak in morose epigrams about vague universal principles they show no sign of understanding *Cosmopolis: A Novel*:

0 of 0 review helpful More Confusing Than Satisfying By ConsumerX This novel has occasional lyrical power and is richly cerebral The author presents a world stumbling inexorably toward the apocalypse and a protagonist bent on his own self destruction While reasons emerge in abundance for the social collapse we are left to guess why the protagonist the ultimate alpha male narcissist has decided to deepen the chaos and Now a major motion picture directed by David Cronenberg and starring Robert Pattinson *Cosmopolis* is the thirteenth novel by one of America's most celebrated writers It is an April day in the year 2000 and an era is about to end The booming times of market optimism — when the culture boiled with money and corporations seemed more vital and influential than governments — are poised to crash Eric Packer a billionaire asset manager at age 28 From Publishers Weekly For a book about a 28 year old new economy billionaire with a frozen heart Patton adopts a distant machine like narrative tone that has all the warmth of the computer HAL in Stanley Kubrick's *2001* It's a fitting approach as the asset
