0 of 0 review helpful One of My Favorite Books By Karen Ziminski His mockery of computer information systems in the government may seem exaggerated Actually it s prescient and understated The Weed Agency was published in 2014 It wasn t publicly known until March of 2015 that Hillary Clinton Secretary of State was at times sending and receiving classified information over a not particularly secure private server The spellbinding mock history of the Department of Agriculture s most secretive and vital agency The little known USDA Agency of Invasive Species founded by President and humble peanut farmer Jimmy Carter would like to reassure you that they rank among the most effective and cost efficient offices within the sprawling federal bureaucracy nbsp For decades under Administrative Director Adam Humphrey and his lquo strategic disengagement rdquo appro Jim Geraghty is smart funny compelling entertaining hellip and his book does real damage to liberals if thrown hard enough rdquo Governor Bobby Jindal lquo A conservative comic romp through the toughest corridors of federal bureaucracy hellip
