2 of 2 review helpful NK well observed By william m birdsong I really enjoyed this book the author is not a scholar of Korea but an excellent observer of human nature and events She was amused frustrated and handled well the minders and hurdles she experienced in her travel in North Korea She experienced about all you can experience there never alone or in touch with average Koreans She handled the label Imperiali Most people want out of North Korea Wendy Simmons wanted in In My Holiday in North Korea The Funniest Worst Place on Earth Wendy shares a glimpse of North Korea as it rsquo s never been seen before Even though it rsquo s the scariest place on Earth somehow Wendy forgot to check her sense of humor at the border But Wendy rsquo s initial amusement and bewilderment soon turned to frustration and growing paranoia Before long she learn You remember Eat Love Pray and Under the Tuscan Sun Yeah this really isn rsquo t like those It rsquo s better rdquo San Francisco Chronicle ldquo funny witty and fascinating if you have a weird fascination for North Korea
