3 of 3 review helpful Recommended By Zachariah Atteberry CCBC Best book I have found about infectious disease management Contains a section for each disease Feline Calcivirus Feline Herpes virus and contains valuable information about sanitation For example the use of quaternary ammonium compounds versus the use of bleach or

potassium peroxyomonosulfate trifectant and virkon And it also talks about how to wash hands Infectious Disease Management in Animal Shelters is a comprehensive guide to preventing managing and treating disease outbreaks in shelters Emphasizing strategies for the prevention of illness and mitigation of disease this book provides detailed practical information regarding fundamental principles of disease control and specific management of important diseases affecting dogs and cats in group living environments Taking an in depth population health appr This is a book that can help you better understand the fundamental nature of wellness and disease and how to support the former and prevent or control the latter I ve placed it on my lsquo essentials bookshelf The Vin Store March 02 2010
