book that is called If you Lean In will men just look down your blouse Gina Barreca is fed up with women who lean in but don't open their mouths In her latest collection of essays she turns her attention to subjects like bondage which she notes now seems to come in fifty shades of grey and has been renamed Spanx She muses on those lessons learned in Kindergarten that every woman must unlearn like not having to hold the hand of the person you're waking next to especially if he's a bad boyfriend or needing to have milk cookies and a nap. Praise for If You Lean In Will Men Just Look Down Your Blouse Gina Barreca's essays are like dispatches from a dear friend. Wonderful, witty, heartfelt and wise with many memorable zingers and tear-inducing stingers. Her gift is one of connection.
