2 of 2 review helpful A quick and fun read from wickedly funny author By Daniel Johnson I have been reading the Books of Adam blog for some time now I appreciate the humorous tone and light hearted and creative illustrations even if the way Ellis illustrates teeth creep me out a little I think one of the things I enjoy most about this book is that the writing and illustrations blend seamlessly together into a cohesive Adam Ellis knew it was time to leave art school when a fellow student presented her final project to the class I put a condom on the Virgin Mary she announced unveiling a cheap figurine sheathed in latex The professor loved it Baffled by the praise his classmate receives and intent on becoming an artist on his own terms Adam plots his escape to Portland Oregon to begin his life in the real world only to realize that adulthood is a lot harder than it looks Hyper relatable Adam Ellis is just like you except funnier and better at drawing DC Pierson comedian and author of Crap Kingdom Adam Ellis is hilarious If you like manic hipsters and crazy bosses you'll love BOOKS O
