1 of 1 review helpful 3 great books though a bit cumbersome By Kory Kwakenat To me there is nothing that George Carlin did that is not beyond excellent My review will be biased because St George is my absolute all time favorite He

was more than just a comic and to label him as simple as that means you just don't get it and you should go watch Larry the Cable Guy because you share a brain I was introduced to Car A perfectly giftable perfectly cynical slipcased omnibus of George Carlin's trademark irreverence including bonus never before published material For four decades George Carlin has been one of America's favorite comics known as much for his willingness to take on taboo subjects as for his absurdist wordplay As an author he has proved equally popular With combined sales of more than two million copies Carlin's three books of razor sharp Few funnymen are better suited for the page than George Carlin the language obsessed cynic And he doesn't disappoint Entertainment Weekly About the Author George Carlin author of three
