2 of 2 review helpful Format changed too small to read comfortably By Brandon Idol Stay away from Vol 3 on Kindle It s heavily cropped and can t be viewed in landscape the portrait mode is just shrunk to fit landscape vertically making it even smaller and illegible I m so dissapointed in this after enjoying the first two volumes in landscape mode which was very comfortable I don t understand why the publisher Over half of the strips in this volume have never been printed since they ran in newspapers decades ago Even the most dedicated Peanuts fan is sure to find many new treasures Introduction by Matt Groening The third volume in our acclaimed series takes us into the mid 1950s as Linus learns to talk Snoopy begins to explore his eccentricities including his hilarious first series of impressions Lucy s unrequited crush on Schroeder takes final s com In 1955 56 the Peanuts gang may have still been in first grade or lower but the characters continue to grow into their distinctive and unmistakable personalities Snoopy overcomes some embarrassment to reveal his talent for impressions wolf rhino
