Clowns Attack: A Survival Guide:

2 of 2 review helpful Awesome except for 1 thing By Kindle Customer Awesome except for 1 thing LANGUAGE It wasn't out of control bad but still it's bad I wouldn't recommend this for young readers Very entertaining though With the recent clown outbreaks across America to survive this a must read I must take away 1 star due to the language however They do not use anything crazy bad though I loved this book and was u THEY rsquo RE COMING FOR YOU nbsp Coulrophobia the fear of clowns is very real and for good reason You might think these red nosed jokers are creepy sure but certainly not dangerous You rsquo d be wrong Clowns never reveal their real names and dress to obscure their identities The rules of civilized society don't apply to them what other stranger could offer candy to children and get away with it they have countless places to hide weapons on About the Author CHUCK SAMBUCHINO works for Writer rsquo s Digest and edits both the Guide to Literary Agents and the Children rsquo s Writer rsquo s Illustrator rsquo s Market His first book How to Survive a Garden Gnome Attack
